CAC MEETINGS

- We plan to attend the September 24 CAC Subcommittee meeting, where CDPH will give a presentation about the Parcel A Scanning. From EPA, Lily and Jackie will attend, potentially along with Christopher Hage, the Regional Administrator's Senior Advisor.
- I recall that on August 13, the Mayor asked the Navy to hold monthly town hall style meetings about the Shipyard. The Navy informed us last week that the October 3 Workshop would use a poster/information table format instead of a town hall style, and the Mayor did not object. Instead, the Navy plans to present at the CAC meetings. In addition, the Navy is not advertising this or any other CAC meeting that discusses the Shipyard, in spite of repeated requests from EPA and OCII to do so. Is this your understanding of the Mayor's wishes?

MAYOR/SUPERVISOR

- Thank you to Amy for letting us know that Supervisor Cohen has requested a hearing about the Shipyard Monday, October 1. Do you know any more details about the hearing?

PARCEL G

- We are reviewing the new draft Sampling and Analysis Plan (SAP) and plan to submit comments September 24. We hear the Navy will give us responses to our comments on the Work Plan September 28.

FYI to Angeles (not necessary to discuss at meeting):

- 9/6 - Tomas Aragon, Amy Brownell, Lily, Jackie and Maeve attended the CDPH presentation to the Parcel A Home Owners Association
- 9/7 - Lily met with Dr. Veronica Hunnicutt (Chair of the CAC) and Linda Richardson to encourage EPA to publicize more the safety of Parcel A residents, etc.
- 9/8 - Tomas Aragon, Amy Brownell, Lily, and Jackie attended the Navy bus tour
